

# KEEPING EVERYONE SAFE

## HOW WE PROTECT OUR PATIENTS

### 01 PRIOR

- Before your scheduled appointment, you will receive an updated health history information form
- Please complete the form prior to arrival

### ARRIVAL 02

- Please call the practice from your car when you arrive to the office. **914-967-0000**.
- We will call you when it is time to enter the practice

### 03 ACCOMPANY

- One parent/guardian to follow proper distancing guidelines
- Older children may be dropped off, with guardian waiting in the car
- Guardian may FaceTime throughout the appointment to be present virtually

### INSIDE 04

- Please have a mask upon entry into the practice
- Please sanitize your hands
- Our staff will take the temperature of patient and guardian
- Temperature of the staff will be available for you to view as well
- Our individualized dental treatment rooms ensure privacy and adherence to distancing policies

### 05 STERILIZATION

- Protocols consistent with CDC and DOH guidelines
- Dedicated staff member to perform all sterilization procedures
- Office wide sterilization (HOCL) in between every patient

### APPRECIATION 06

- Appointment availability will be limited due to CDC and DOH distancing practices and enhanced sterilization guidelines
- Please make every attempt to be keep your appointment, as new guidelines have reduced the number of future available appointments
- Please arrive to your appointment early, very late arrivals may need to be rescheduled to another date
- We appreciate your enthusiasm in our efforts to create a safe environment for everyone!
